If you received CU Boulder Outreach Award funds in the past, you are required to submit a Final/Status Report, even if you have not yet completed the current project. Upload with your online submission. Only applies if continuing the same public and community-engaged scholarship project or are building on previous work for a new project. A final/status report needs to be submitted even if the continuing project has a new faculty applicant.

You do not need to submit a report if the project was funded with a Tier 1 or Tier 2 Public and Community-Engaged Scholarship (PACES) grant (formerly community impact grant or micro grant) received from the Office for Public and Community-Engaged Scholarship (formerly Office for Outreach and Engagement).

If you are not applying for another grant, email your final report directly to Jeanne McDonald at jeanne.mcdonald@colorado.edu
