Our Mission and Values

- To provide a physical space where Asia-related interests intersect and find a whole greater than the sum of their parts, and where students and community-driven initiatives to embrace different world views have a home.
- To facilitate active engagements with and within Asia, while making Asia as accessible as possible to the whole of the CU Boulder community.
- To be a space of community, curiosity and respectful engagement with Asia, viewing the area studies endeavor as a necessary yet distinct complement to disciplinary knowledge, and recognize the historic and geographic centrality that Asia plays in the human venture.

Tibet and Himalayan Studies Scholarship

- Interested in the Himalayas? Stretching from Ladakh and Dharamsala in the west, through Nepal, and then east into Sikkim, Bhutan, and the Indian Himalayas, this region offers geographic, cultural, linguistic, and religious diversity.
- The Tibet Himalaya Initiative and Center for Asian Studies invite scholarship applications from CU undergraduate students. Awards in amounts up to \$2,500 are available for summer 2024. This scholarship is made possible thanks to funding from the US Department of Education's Undergraduate International Studies and Foreign Languages program.
